Behaviour Data Collection Form

Child name: _____

Recorder name/s: _____

Context: _____

Describe the behaviour: _____

Procedure: Document details of the stealing behaviour as realistically as possible i.e. estimated time of stealing, what the child stole, where the theft happened and who the child stole from.

Estimated date and time of stealing	Details of Incident
	What? Who? Where?
	What? Who? Where?
	What? Who? Where?
	What? Who? Where?
	What? Who? Where?
	What? Who? Where?

Based on the information collected, identify any patterns:

- When is the stealing behaviour likely to occur?
- Who is child likely to steal from?
- Where is the child likely to steal from?
- What is the child likely to steal?

Antecedent-Behaviour-Consequence Form

ABOUT THE AUTHOR

Hi there,

I am Dolly Bhargava. I have completed a Bachelor of Applied Science in Speech Pathology from the University of Sydney, a Master of Special Education from the University of Newcastle, and Certificate IV in Training and Assessment.

Midway through my career I realised my passion was in supporting children, adolescents and adults with emotional and behavioural difficulties (EBD). So I started working extensively with individuals with EBD in a variety of contexts such as family homes, childcare centres, preschool, schools, respite care, post school options, employment services and corrective services.

I have created this series based on the practical wisdom I have gathered from working with individuals with EBD, their families, educators and professionals over the last 21 years. I hope this guide equips people with the knowledge, skills and tools to help your child learn positive ways of behaving and managing their emotions.

Dolly Bhargava
